What was already done?

The 56th meeting of the ARABOSAI's GB
(March, 2018):

1

**Admitted that the region joins the
WGEI**

2

**Entrusted the GS to coordinate joint
activities with the WG**

- 6 SAIs out of 19 joined the WG,
- Other member SAIs have extractive resources and are potentially interested in WGEI work,

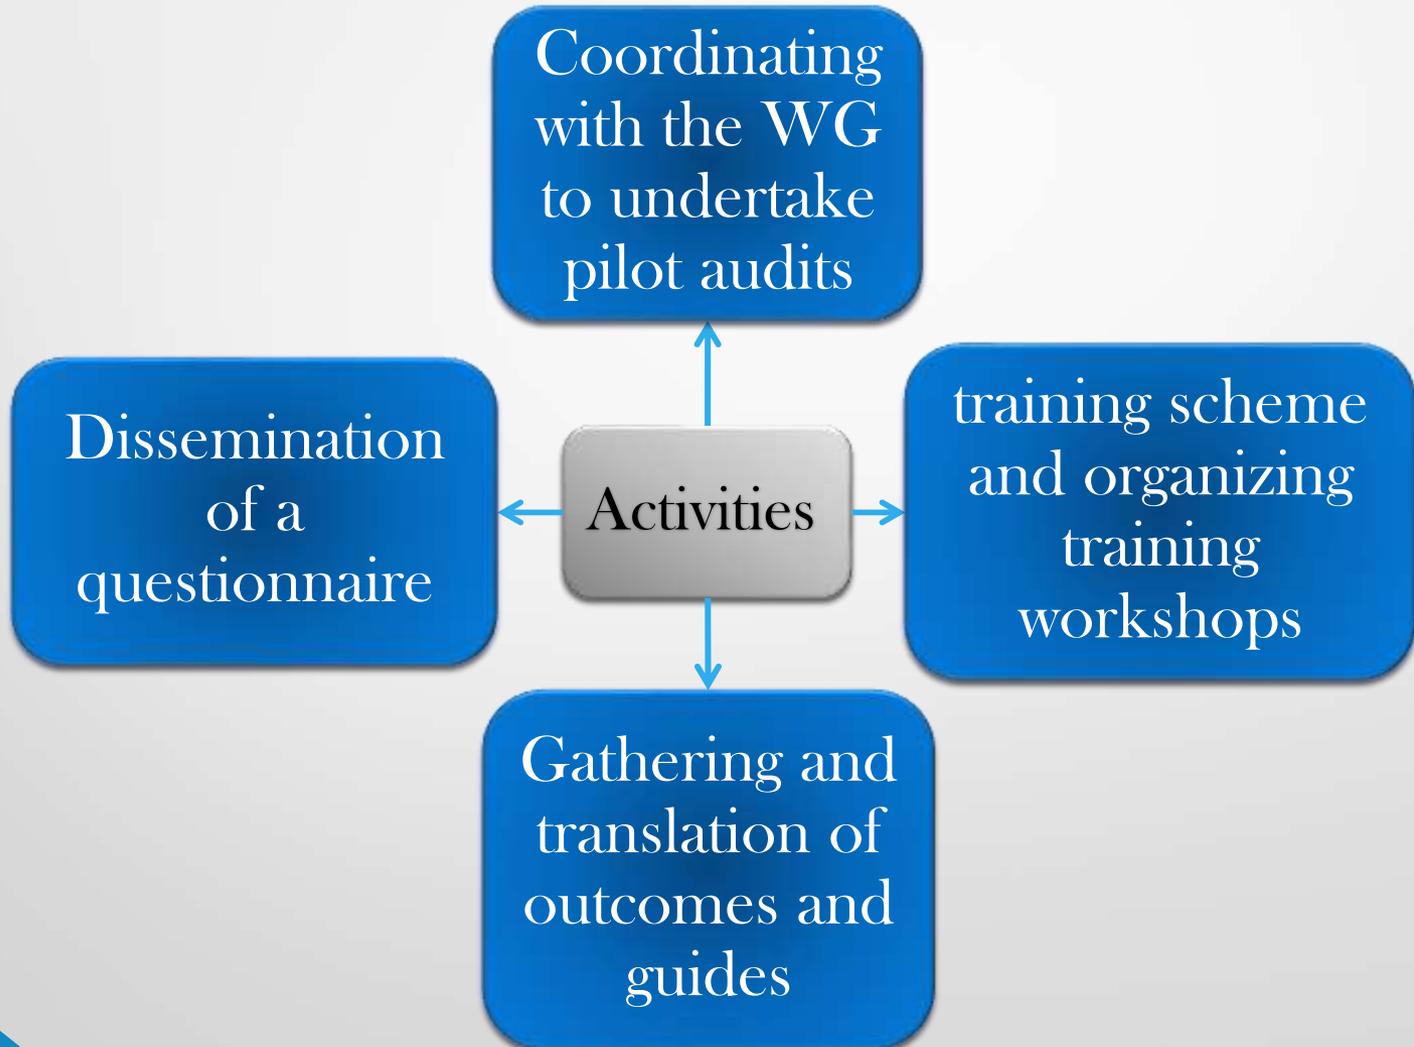

What was already done?

Activities that could be jointly undertaken during the period 2018-2020 were studied

Priority activities have been identified by reference to the WGEI work plan (2017-2019)

What was already done?

What was already done?

Represents between 12% and 80% (3 of 6 respondents) of state revenues

Under the supervision of a Ministerial Department

Results :Importance of EI

Specialized audit structure (or team)

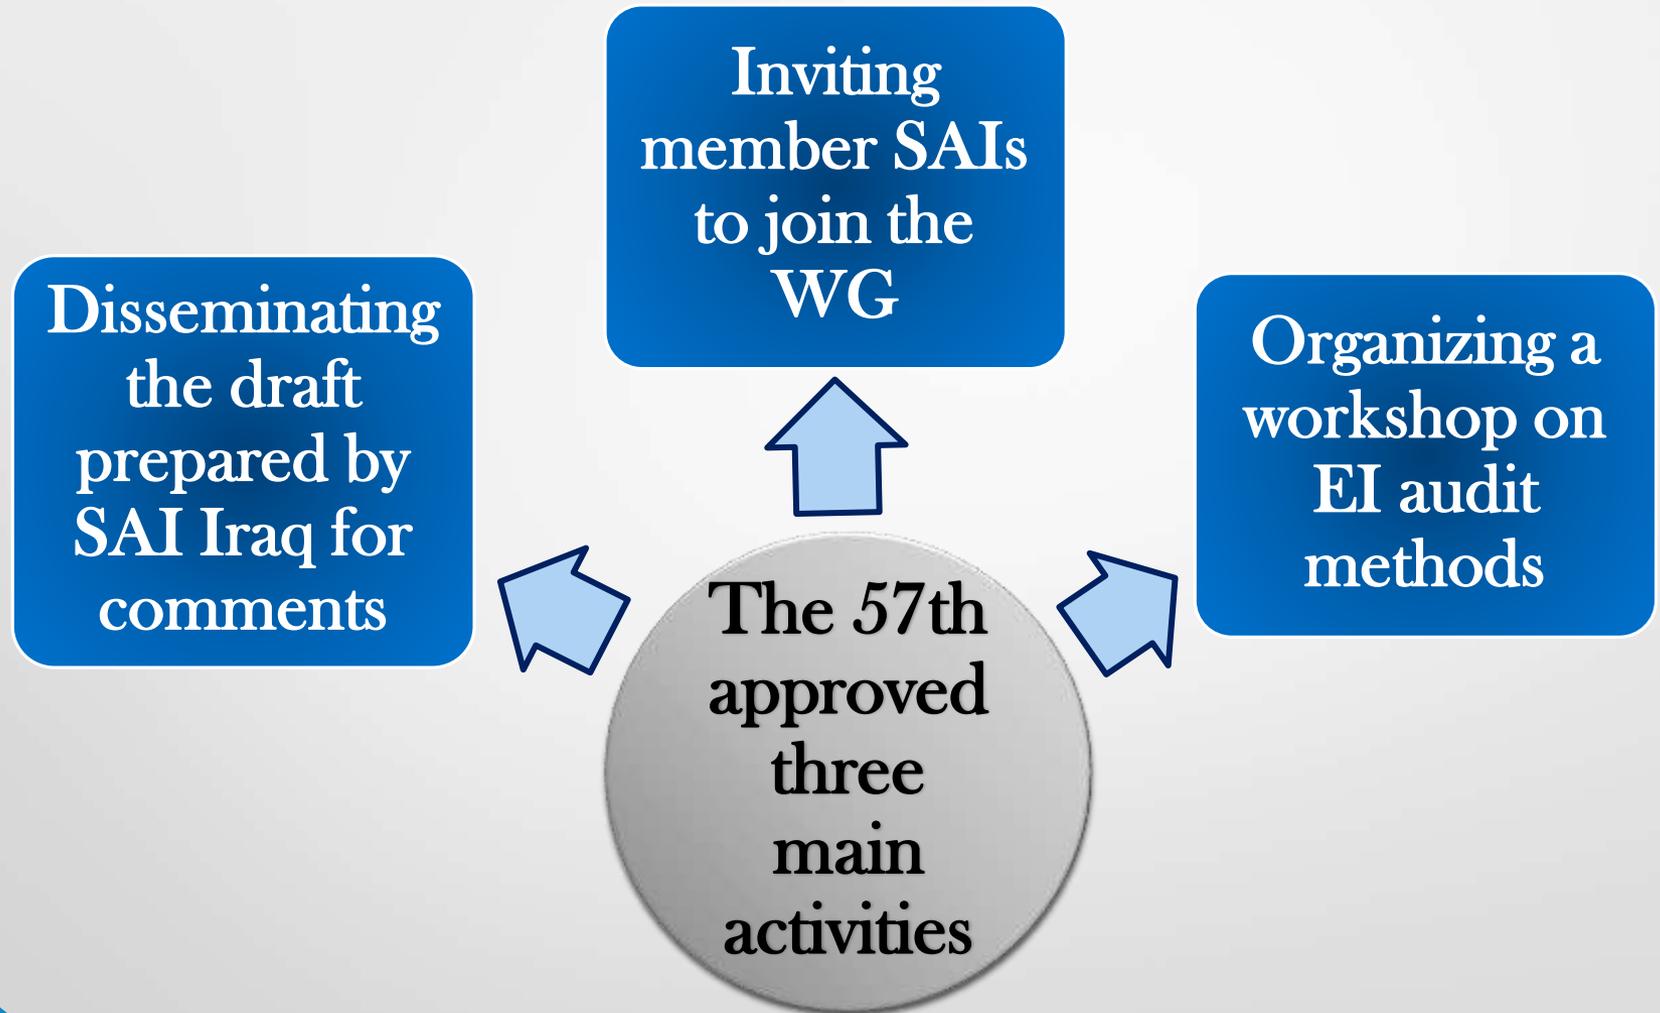

Differences between SAIs in terms of experience, auditors, type of audit

Some WGEI's outputs were translated to Arabic

Plan

What is planned to be done?

A collaborative audit is intended to be undertaken

What is planned to be done?

1- A Proposed Framework Of Government Auditing Standards For Oil Companies Under Service Contracts

Q: What would the regional organization's role be?

What is planned to be done?

2- collaborative audit related to EI:

The preparation phase has already started early this year (discussions are ongoing with member SAIs)

- To design the audit (choose the audit theme, etc.),
- Appointing the auditing team,

The implementation of the audit

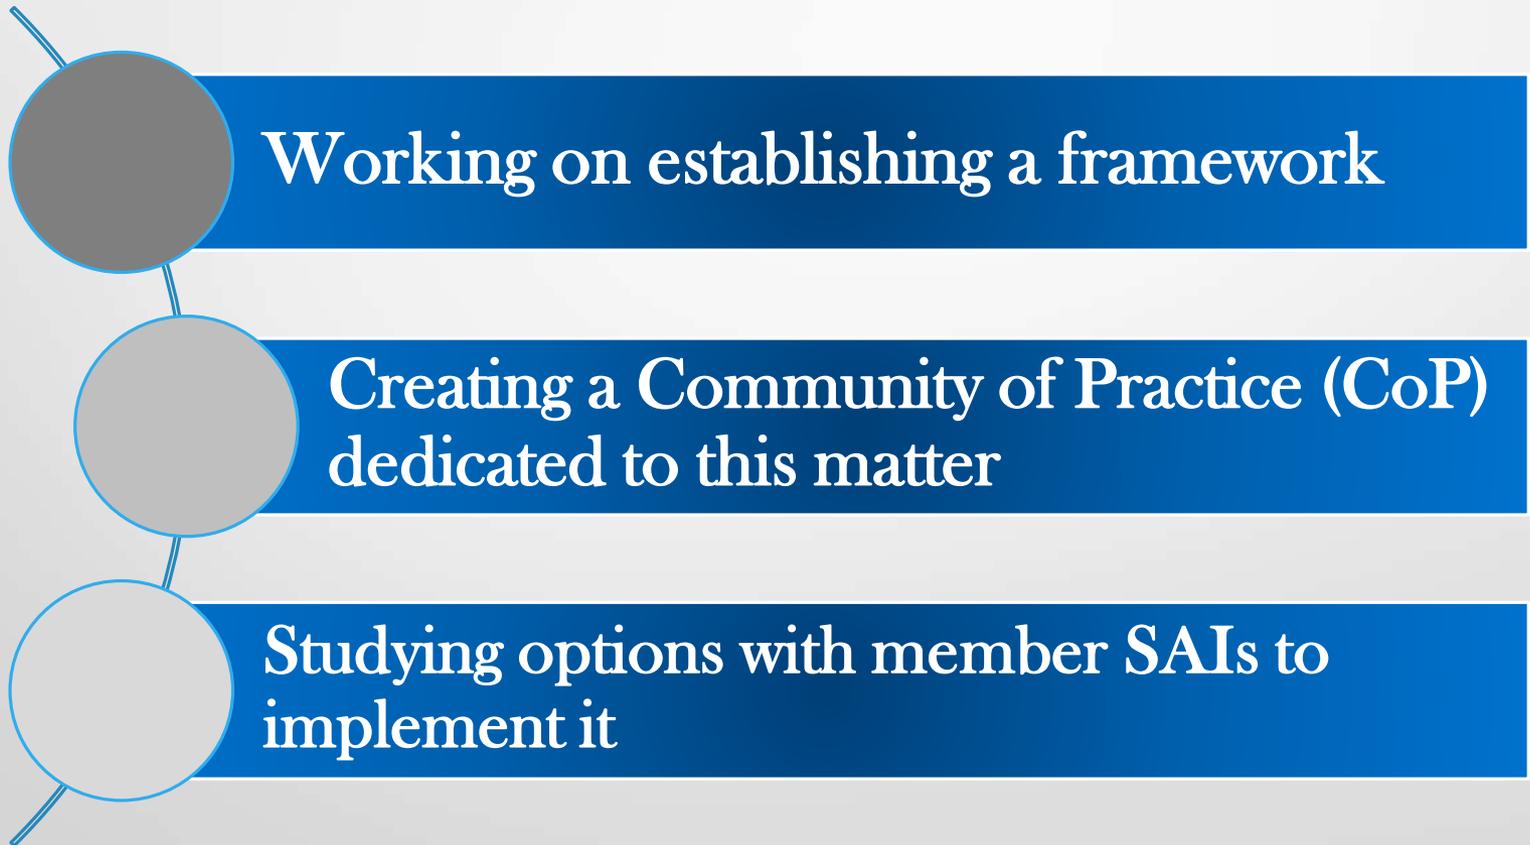

should be started during 2020

An inter region collaborative audit may be considered

Q: how could the WG participate in this collaborative audit success? & what could be the role of the CBC task force specialized in collaborative audit?

What is planned to be done?

3- EI audits knowledge sharing:

- 
- Working on establishing a framework
 - Creating a Community of Practice (CoP) dedicated to this matter
 - Studying options with member SAIs to implement it
